WHY PADEL?

01 The fastest-growing sport

Padel is the fastest-growing sport in the world, popular among all age groups and player classes.

02 Fun and Social

Padel is easy to learn and is mostly played in pairs, making it one of the most social sports.

03 Attractive Offering

Padel courts not only attract your resort's guests but also athletes, increasing both the footfall and visibility of your property.

COURTS TAILORED TO YOUR CLUB.

In addition to top-quality craftsmanship, we offer complete court customization to perfectly fit the aesthetics and needs of your club.

Customization options include:

- Court design and colors aligned with your brand or surroundings.
- Protective elements ensuring the safety and comfort of players and spectators.
- Special options, such as kid's courts and single courts.

01

PLANNING AND DESIGN

We offer comprehensive project planning and design services from start to finish, ensuring that padel courts perfectly match the space and needs of your resort. Our expert team works closely with you to create optimal solutions that will delight your guests.

02

PÁDELMANUELO

04

Designed to set the highest standards of gameplay quality and provide maximum visibility, while featuring an innovative design with official FIP colors and logo.

The only official court designed in collaboration with the International Padel Federation.

PREMIER PADEL

05

A unique Full Panoramic court red esigned in collaboration with Premier Padel.

Exclusive light pole design in the shape of half a padel racket.

Equipped with “Shock Lock,” a patented system by MejoSet. This hydraulic compression system is designed to absorb impacts on the structure during gameplay.

KIDS COURT

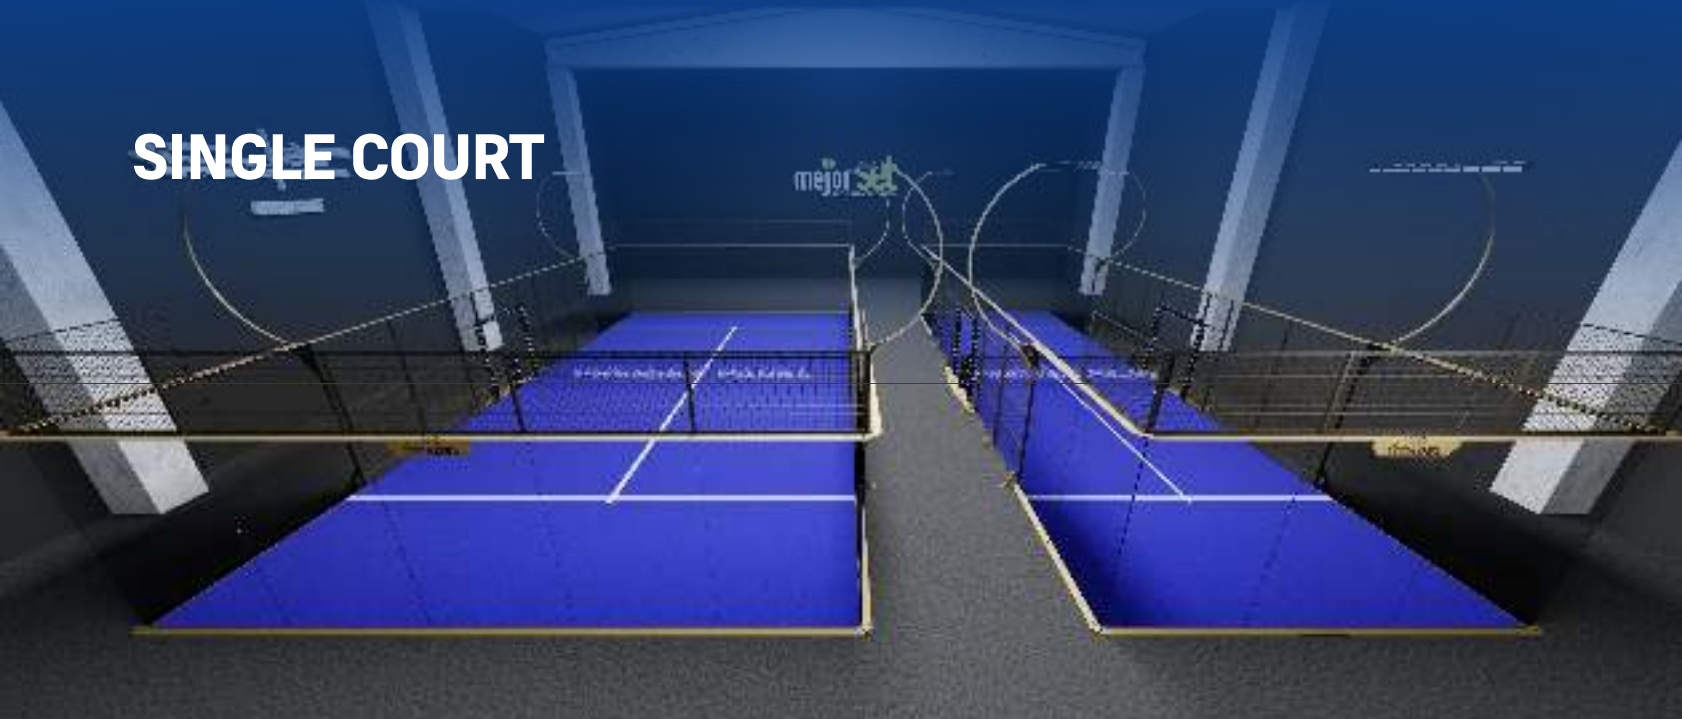

06

With the same features as the Full Panoramic court for adults, we have created the safest option for children.

The children's court is half the length and width of a standard court (10x5m), designed for kids aged 2 to 6 years.

Ideal for family hotels and resorts, providing additional activities and programs for the youngest guests. Kids courts are not limited to the youngest players; parents can also play together with their children.

SINGLE COURT

07

MejoSet 1-on-1 courts are the perfect solution for clubs looking to maximize their space and expand their offerings.

The courts measure 20x6m.

Single courts are ideal for training and 1-on-1 play.

A simple solution for clubs with limited space.

OFFICIAL TRAVEL PARTNER

WHAT IS THE WAITING TIME FOR THE COURTS?

The average production and installation time for a court is 33 days (30 days for production in the factory and 3 days for installation). Transportation time depends on the location.

HOW MANY PADEL COURTS FIT IN ONE CONTAINER?

One shipping container typically holds 3 padel courts. This is the standard quantity for international shipments, but the exact number may vary depending on the court design or additional equipment being transported.

COURT INSTALLATION OPTIONS?

We offer two options for court installation: installation by the MejoSet team (3-4 people), where the setup is completed in 2 to 3 days, or installation under the supervision of a MejoSet supervisor, who will guide your local team following our instructions to achieve the best result.

ONCE I MAKE THE DECISION TO PURCHASE A PADEL COURT, IS A CONTRACT SIGNED?

After the purchase decision, we issue an invoice to the client, and both parties accept the general and specific terms related to the project.

WHAT IS LIFESPAN OF A PADEL COURT?

The structure comes with a 2-year warranty, provided that the general conditions agreed upon in the project are followed. The lifespan of the court largely depends on the artificial turf. Quality and maintenance are key factors in ensuring the court continues to look as good as new.

WHAT IS THE PAYMENT METHOD?

Payment is made via bank transfer after signing the contract: 50% upfront, 40% before shipping, and 10% after installation. If installation is not included, payment is made 50% upfront and 50% upon shipping.
